

# The Pathway to “The Best Chance of Success”

Outlined below are the “wider experiences” that pupils will gain during their time at Tyndale Primary. The activities cover music, art, sport, literature, cultural studies and opportunities to take part in a wide variety of visits and extracurricular activities. We also regularly have guest speakers to seed future career aspirations. We are proud of our wider offer to develop our pupils and hope that this gives you a great taste of the opportunities available to Tyndale pupils to achieve “The best chance of success”.
